

"The drought that struck our community had adversely affected our lives and livelihoods. We were unable to make ends meet. With the emergency support we were provided, we can now obtain our basic needs in terms of food & other requirements.

We have even started to plan for the future with confidence."

Arero Kuri Ashame

**A resident of Wachile district,
Qaladhirri Kebele**

ACTION FOR DEVELOPMENT

is supporting emergency response to the drought affected districts of Borana and South Omo zones in partnership with

AAE, CA & WHH

You may partner with us so that we may reach out to more affected communities
